**Subject:** Delphi Corporation Case # 05-44481 filed October 5, 2005  
OBJECTION to Document # 14705 to cancel OPEB (life and health insurance  
benefits) for all retirees

Dear Judge Drain:

This letter is to lodge objection to Document #14705 filed by Delphi Corporation on February 4, 2009, asking the court to cancel health insurance benefits (OPEB) for over 15,000 people who are retirees of Delphi Corporation.

Document #14705 was filed with no previous warning to any of the retirees of Delphi Corporation and was made known via letter on February 5, 2009, distributed only to current employees. The first actual notice to retirees was the article on the front page of the Kokomo Tribune Friday, February 6, 2009. It is in this newspaper article that retirees have been notified of only eleven days to file our objections.

This loss of life insurance and health care will cause financial hardship for every retiree. In addition, Delphi plans to renege on their promise to reimburse us for \$20,000 (or \$10,000) toward cost of replacement healthcare coverage after we reach age 65. (Retiree Health Reimbursement Account managed by WageWorks.) This sudden stoppage of benefits and supplemental money will have huge impacts not only on retirees, but also on the communities where we live.

Many retirees have health conditions that preclude them from obtaining other health care coverage. Not only do we lose our health care coverage, but the money Delphi promised to help cover medical insurance, too. All this additional cost for health care coverage comes right out of our "fixed income" retiree pockets.

Not only that, with our company life insurance canceled, our families will be left to pay final expenses whether or not our depleted life savings last until the end.

I have a letter from the Retiree Servicing Center dated March 6, 2000, stating that I am "...eligible for Continuing Life Insurance... This ultimate amount will remain in effect for the rest of your life and is provided by Delphi at no cost to you." A copy of the letter is enclosed. What happened to that promise?

Please facilitate Delphi in finding other ways to restructure the company and still retain health care and other promised, albeit reduced, benefits for retirees. Health care benefits have already been reduced and scheduled to stop at the age of 65.

Please REJECT this motion.

Respectfully,

Evelyn K. Spencer
